Dear Atty. De Peralta

Greetings!

I in behalf of the CES Teaching Staff and the PTA wish to express my heartfelt gratitude to your association for all your plans to promote academic developments to the Candon Elementary Schools specifically our school and the pupils there in.

I am happy and proud to tell you that the school received the computer set last September 15 thru Engr. Patrick Cortes. In fact our school is still a way behind in terms of facilities and tools. Thus, your plan to alleviate the plight of our school and the poor deserving pupils is indeed a blessing to us. I really appreciate your concern and I look forward to foregoing a partnership with you in giving our children the best education they deserve.

Thank you very much for your generosity. Any help, in kind or in cash which you intend to donate to our school will be most welcome.

Thank you very much and more power to Annak ti Candon.

Very respectfully,

MRS. GABRIELA T. CORTEZ
School Principal II
